Established Multi-Platform Men's Apparel eCommerce

This is a rare opportunity to acquire a well-established men's apparel business selling across four major eCommerce platforms: Amazon, eBay (two accounts), and Walmart. With over a decade of operating history, strong customer reviews, and steady daily sales, this business offers immediate cash flow, diversified marketplace presence, and significant growth potential. The product line focuses on men's basic tops – timeless, solid-colored clothing essentials that have proven year-round demand. Operations are highly streamlined, requiring only one part-time employee for shipping and fulfillment four days per week. Currently operated by an absentee owner. Relocatable.
