Northern California - Sacramento

[Click HERE to contact us about this business!](#)

This company is a well established precision metal machining business located in Auburn, CA. Customers include the growing optical industry, aeronautical as well electronics and food industries. The company can start with a sketch and deliver high quality parts that meet the most demanding specifications. This company understands that precision is critical and they deliver the tightest tolerances. Their services include CNC machining (lathe, mill and turning), broken bolt repair; and the design and creation of highly precise and accurate product prototypes. Owner is ready to retire after 40+ years. Excellent opportunity for growth.
