

11304 - Manufacturing

Northern California

[Click HERE to contact us about this business!](#)

A leader in precision measurement instrumentation, offering cutting-edge solutions for sound analysis. With 45 years of industry experience, they manufacture and import high-quality equipment, holding two trademarks and meeting IEC 61094 standards. Products serve environmental noise monitoring, industrial applications, and research sectors. Founder is retiring, providing a unique opportunity to step into continued success, instantly. Current assembler is also retiring so buyer will need an assembler for standard electronic assembly. Included in sale are proprietary equipment designs, inventory and an international end-user and OEM customer list, ensuring continued innovation and growth.
