[Click HERE to contact us about this business!](#)

This industry-leading platform integrates IoT, AI, and ML into essential juvenile products like car seats, strollers, and baby monitors, enhancing safety and wellness. With 5 patents, 10 product lines, 119k units presold for 2025, and \$6M contracted ARR, it provides hyper-personalized consumer experiences and deep insights into behavior, usage, and purchasing. The AI-driven marketing platform drives D2C sales, recommending products in real time. Led by top experts, including a former Microsoft Cloud + AI director, they aim to onboard 40 brands in 3 years. NDA required for details on this compelling opportunity.
