

8512 - Miscellaneous

Northern California - South Bay

[Click HERE to contact us about this business!](#)

Established in 2005, this water store is located in a busy strip center in the South Bay. It features state of the art equipment including a reverse osmosis nine stage filtration system and an all stainless steel eight faucet fill station. The customers include walk-ins and about 500 prepaid members. An energetic new owner should be able to improve the sales by adding more retail items and services that could bring in an extra income. The asking price is much less than the build-out cost. This is an asset sale. Financials are not available; observation is recommended. The owner needs to sell due to health issues and family obligations. #8512
