New Franchise Opportunity in Health and Medical Support Services. Medical Professionals are struggling in their private practices to offer affordable quality health care services due to rising health care cost and an aging population with complex health issues. Company has developed proprietary programs to help Healthcare Professionals double or triple the net income of their practices without adding additional staff members, without adding new patients and with little or no investment upfront. You as a new franchisee can own a very simple to operate and lucrative business that will allow you to generate monthly residual income. No Prior Experience required. BT#8639
